Memorium

In memory of Mrs. Esther West, we would like to dedicate this 1972 Kernel to show our appreciation for her unselfish service and dedication to Ritzville High School.

Turning back

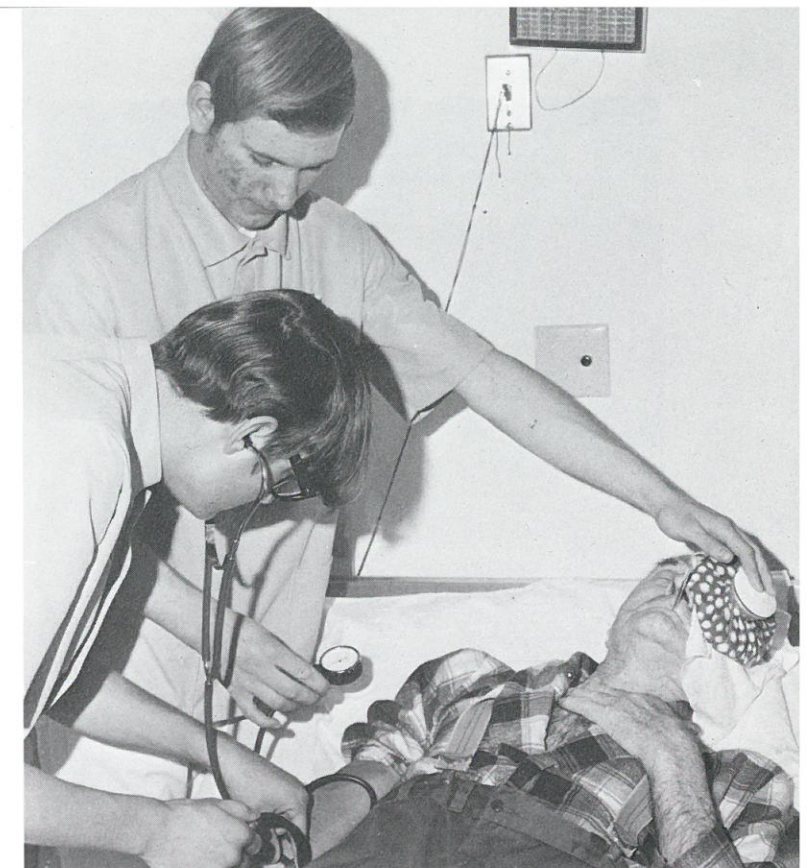

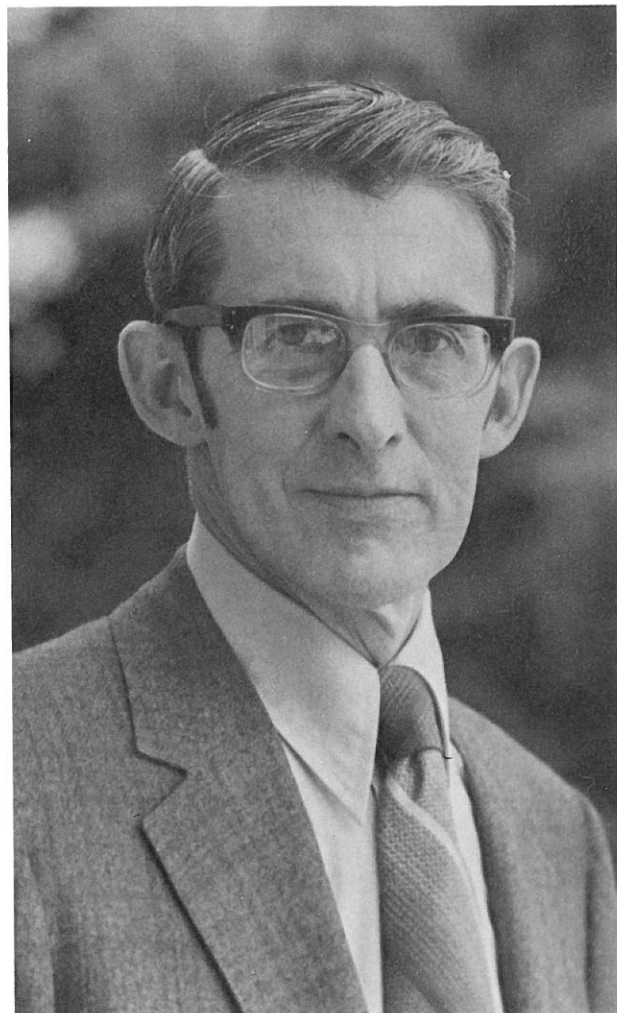

the leaves

of time

*Superintendent
Mr. Kenneth White*

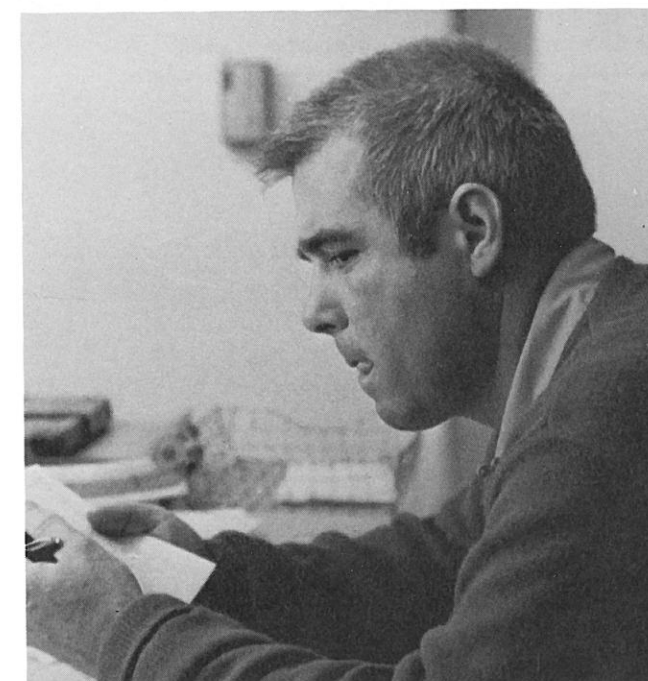

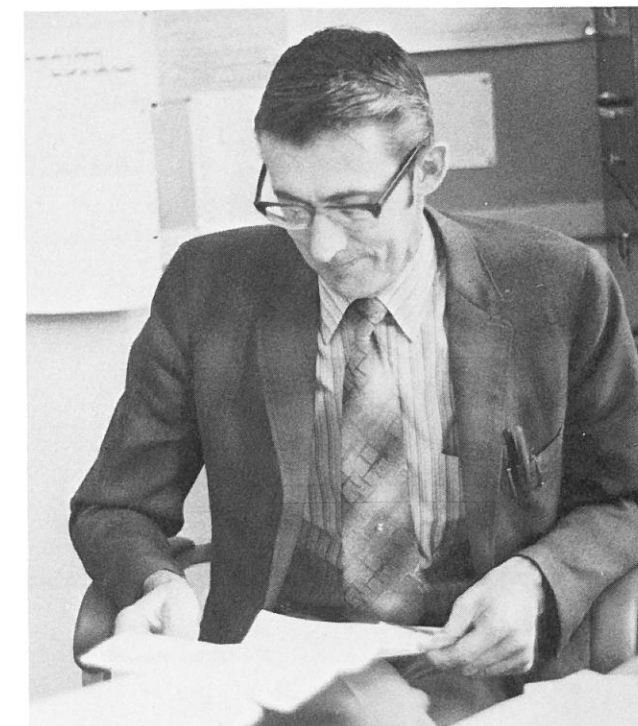

*Principal
Mr. Duane Hopkins*

Time can be divided into past, present, and future. The past can truly become a source of wisdom to guide us in present and future judgements and actions. This book will help you recall one important year of the past. It is my hope this year at Ritzville High School, has contributed to your future success in life.

Kenneth F. White

LEFT: School board members: Jimmy Snider, Don Heinemann, Wayne Perkins, John Pavlik, John Miller.

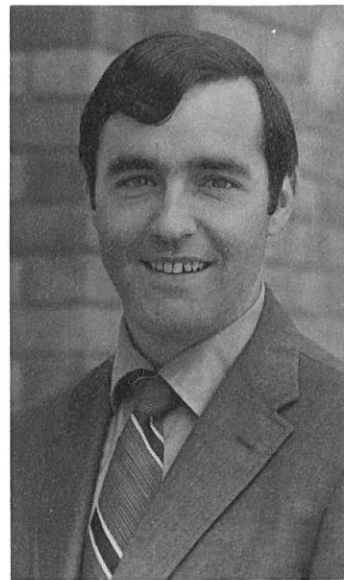

Each school year is unique. I feel the 1971-72 year was one in which our school made significant progress toward greater and more realistic involvement in student government. It was also a year in which new students moved closer to full acceptance in our school. I believe these things indicate that Ritzville students are coming even closer to involvement in civic progress and to a greater tolerance for others.

Farewell

You have come to the end of the 1972 KERNEL. It has been a pleasure being able to work on a book of memories for the school.

After years have gone by and you look back on this yearbook, I hope you will be able to "turn back the leaves of time."

I would like to thank my staff for the work they put into the annual. A special thank-you to Mr. Hopkins and Debbie Danekas for all of their efforts.
