

NANCY ILTZ

Nancy Sue Iltz entered the big bad world in Aug. 24, 1962.

The ones responsible for this outcome are Marvin and Pud Iltz. Previously brought into the world of the living two years earlier was her brother Layne, who happens to be 19, making little sister, Nancy, 17.

Some of Nancy's many hobbies are Friends choir, snow skiing, drawing, reading, making rugs and riding bikes.

She is also involved in many school activities such as Harvester and annual editor, girls' basketball, Red R, drama, Honor Society, and ASB secretary.

When asked what her goals in life were her answer was that she would like to attend CWU or Whitman and study law, later at Gonzaga law school to become a lawyer.

Her pet peeve is people who are two-faced.

Driving down the freeway the wrong way on a blind date her freshman year seems to be Nancy's most embarrassing moment.

Her most memorable moment was the summer between her frosh and sophomore years and the time Pam Schell and she caused Bob Burke to wreck.

Joe Namath is her hero for a good reason: because Joe's legs look better in panty hose than hers do.

Nancy's favorite classes are pshych/soc and her TA for Mrs. Hankins. As for teachers, she likes Mr. Hurst, Mr. Meyer, and Mr. Dunn.

She would like to see a student lounge added and also for school spirit to be regained.

Her New Year's resolution was that she would try to be more patient. Good luck, Nancy!

Nancy's words of wisdom are, "Just try and cook up an excuse and you'll get burned every time."

When asked about her love life and how she rated it, she walked away smiling. You come to your own conclusion, I did.

Harvester editors Nancy Iltz and Robin Curtis

The Publications class this year consisted of 16 students who had never before worked with the Kernel or the Harvester and an advisor with the same background. One returning student did the teaching and this is the result- your 1980 Kernel.

Being editor of the 1980 KERNEL has been a most memorable experience for me. At the start of the year I had to start at the very beginning-with the class and our advisor. Both were new at this and I had only a limited experience. We learned together and I'd like to thank the class and Mr. Hurst for their creativity and patience.

More thank you's should also be contributed. Most important is our photographers who took their time to capture RHS memories in photos. Gregg Kemberl, Doug Weber, Mike Kessler, Dona Miller, and myself were this year's camera buffs. Dorian, the Journal Times, and Paul Provinsal also helped us to capture these moments. Bert Kendrick and the Ritzville Drug developed our pictures for us so a big thank you also goes to them.

Ash struck us at a most awkward time. It cut off the chance to do many of the things with the annual that I had planned. I therefore apologize for the lack of the spring sports team pictures, etc.

As usual the annual operated in the red but the class of 1980 and Ritzville businesses donated large amounts to help the production expenses. I'd like to thank you both greatly.

My last year here at RHS couldn't have been what it was if it wasn't for you, the students and faculty. You gave me special memories to look back upon. I hope the 1980 KERNEL captured those special moments of yours too. Most of all I'd like to thank my advisor, Mr. Hurst, for all you did for me. I can't thank you enough.

I wish Pam Wahl, Dave Yartz, Connie Miller, and Cheryl Stelzer along with next year's publications class the best of luck in the production of the annual and hope you all enjoy watching it fall together as much as I did.

Thanks for the memories.
