Many times during the 1983-84 school year RHS students saw Japanese inspirational posters hung on the school walls, or athletes could hear a VERY foreign language coming from the football or basketball stands or one could even see the girls participating in athletic events themselves. Whatever the Japanese foreign exchange girls did or however they were they always seemed to add a spark to everything. Although the girls had to return to their home country, Japan, the students and teachers of Ritzville High were blessed with the chance of getting to know these girls and were left with many good memories and new friendships.

The class of 1984 has graduated, and the 84 Kernel has been completed. It was a very memorable year for me, being editor of the yearbook. A state boy's basketball team, track champions, dances, good friends and good times made the year very exciting. I hope that the fun times and good memories that have been captured in this Kernel will bring you many hours of good reminiscence in the future.

There are many people whom I feel deserve to be thanked for their contributions and time they sacrificed to make this book possible. The first person is Mr. Hurst, our advisor, whom I could not have done without, a big "thank you" goes to him for all of his extra time and patience.

I'd also like to thank the annual staff who helped with various lay-outs. A thank you also goes to Pat Sullivan of the Journal for the work he did for us this year. Ritzville Drug, Pfanns and Burchett Studio also deserve a big thank you for all the picture businesses that gave us contributions, we are very grateful, for without money a yearbook cannot be published.

Speaking for myself, I'd like to denote special recognition to Mr. Wayne Colwell, a long time friend of Ritzville High School and an avid sports fan, he dedicated himself and contributed much to RHS over the years.

Last, I would like to thank the students of Ritzville High and faculty, without you and your photogenic (!) faces this annual wouldn't have been so interesting.

To end, I want to wish the next years' annual staff much luck with the production of their yearbook.

Thank you RHS for all the great memories!
